

# Coronavirus Update: Potential impact on April 15 tax deadline

March 15, 2020

Patterson Tax & Accounting is currently monitoring the developing Coronavirus situation and want you to know how we are dealing with the situation in our office.

- **Potential change to the 4/15 tax deadline.** The 4/15/20 tax deadline may be delayed for many Americans; however, restrictions will apply. In the meantime, we will continue to process tax returns as usual.
- **Electronic communication availability.** To be safe, please avoid unnecessary trips to the office. Instead, we highly encourage:
  - Sharing documents digitally via our secure client portal.
  - Signing documents electronically.
  - Utilizing phone calls in lieu of in-person meetings.
- **Patterson Tax office closure preparations.** Our staff is prepared and equipped to securely work from home.

We will list closure status or other updates on our website and Facebook pages.
